Dear All,

The Barricades are looking good, anyone who is driving to Woodside you will perhaps have trouble getting in by car after early Sunday evening so ring before if you will be arriving late Sunday or early Monday.

We even have a tower constructed for people and press to cover the event.

All who have worked on the event have done a first class job and we thank them dearly for all the help.

Thanks in fact to all that have been involved and sent messages of support to us Cliff and Janie.
